Dedication

MRS. MCINTYRE

Mrs. Pipeling

The Class of 2010 is proud to dedicate the yearbook to Mrs. McIntyre and Mrs. Pipeling. They have been our advisors for the past 4 years. They have been a great help to our class. They are always working hard and planning fundraisers for us. We know that they are always there for us and we can always count on them. Thank you!

Class Prophecy

It is a beautiful day on the beach in Cape Cod, Massachusetts. It's finally the time when we will be reunited with our classmates from 2010!

First to arrive is our chef for the week, Lily Grandchamp. She is carrying a beautiful cake that we will eat in celebration of our reunion. Next to follow is Brooke Griswold, aka "Pins" carrying her bowling ball ready to hit the alleys. She's anxiously waiting for the rest of us to arrive so she can fill us in with all of her stories..."Oh my God, Oh my God, Oh my God!!"

Tiffany Ponto and Gianna Ricca arrive as a package, as usual, carrying their Guitar Hero game ready to play. Gianna has her clipboard ready to help people with their problems and Tiffany comes rocking her Purple Knights sweatshirt just ready to have some fun.

After their arrival comes Christian Bernhard, he is hardly recognizable with his new body figure...he is as buff as can be. He is now a body builder in between trying to become an astronaut.

Everybody hears a loud creaking noise and all look towards the driveway. It's Michael Sheridan riding a bike and carrying Scotty Chandler on the pegs. Michael sees us all and yells "Baseball!!" He is now the head coach for the Jets football team while being a comedian on the side. Scotty is the assistant manager of the Jets and working at a car shop as the mechanic. They brought their guitar and drums to play for us as well.

We begin to lay out the red carpet because THE Ashley Bruno will be arriving in three minutes! Ashley pulls up in her limosine rocking the newest swimsuit attire. We are so proud to know such a famous model.

Then Michael Jackson music is heard from down the road. Amanda Ames, Megan Morse, Sierra Pease and Katie Lincoln pull up in Sierra's white jeep rocking out to "Beat It". Megan and Amanda are both teaching elementary students in Rutland Town while Sierra is working at the Rutland Regional Medical Center in the cancer department. Katie is looking rather dark because she just returned from Haiti where she was helping to deliver babies.

John McIntyre strolls in with a cast around his leg carrying his skis. He is now an adrenaline junky who skis down untraveled mountains for fun. He must have picked this up from his college days at VTC.

Seeing Zak Brannon was nothing new for any of us, we are used to watching him all over the TV singing. He is our second superstar. His hair is looking great like usual and we all know that we will not be needing our cameras because he will take plenty of pictures for us all.

We are all glad to see Charisse Moser. She has become the best nurse in the whole U.S. and volunteered to help us in case of emergencies this week. Perfect timing because Michael just fell off his bike while trying to do flips with Scotty.

Marissa Smyrski trots up on Tucker with her typical big smile on her face wearing cowgirl boots and hat. We are all very excited to see how her new job as a physical therapist is going.

Amy Lincoln, Anastashia Taylor, and Michael Mondela pull up together, all wearing their Stafford sweatshirts for old times sake. Amy is now teaching kindergarten kids at a local school while being an assistant basketball coach. (Her job is to beat up on all the players). Anastashia is working at the RRMC serving as an LNA. Michael is now an architect, building the most beautiful houses around.

Zack Lynch is the next person to arrive. Zack is now playing soccer for Real Madrid and has his own car shop where he works as the mechanic during the off season.

Spencer is the last person to arrive. He has four suitcases for a one week stay. Spencer is now a personal trainer for some of the top athletes in college football, while managing a few businesses of his own.

Now that everybody has arrived it is time to catch up and have some fun!

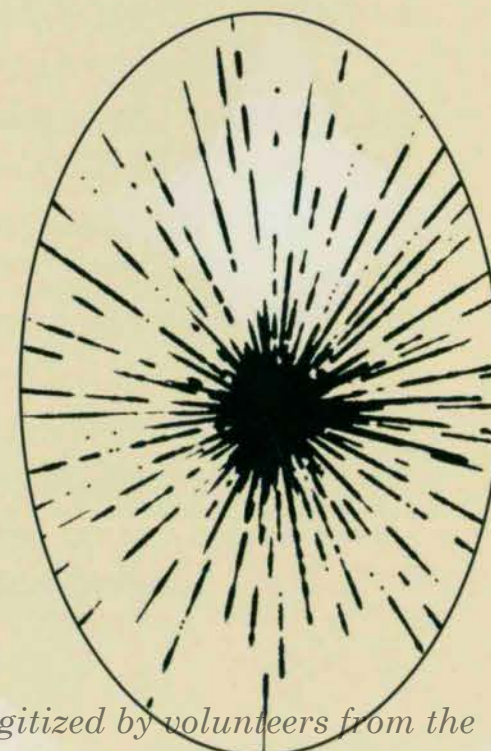

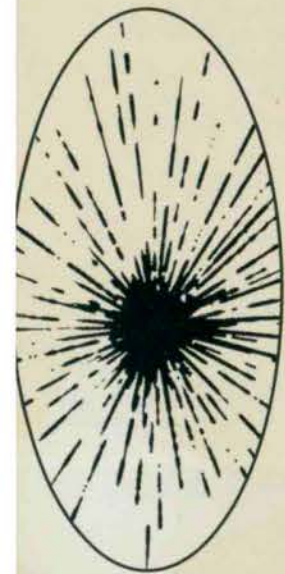

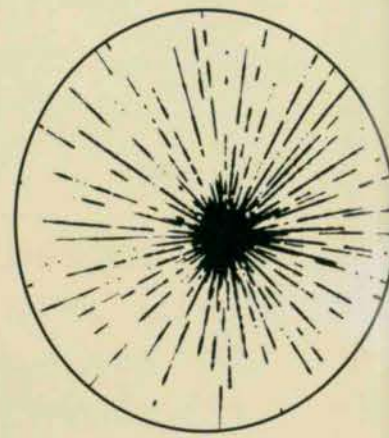

Fly

For whatever reason
I stand here today
Knowing full well
That I am about to Graduate

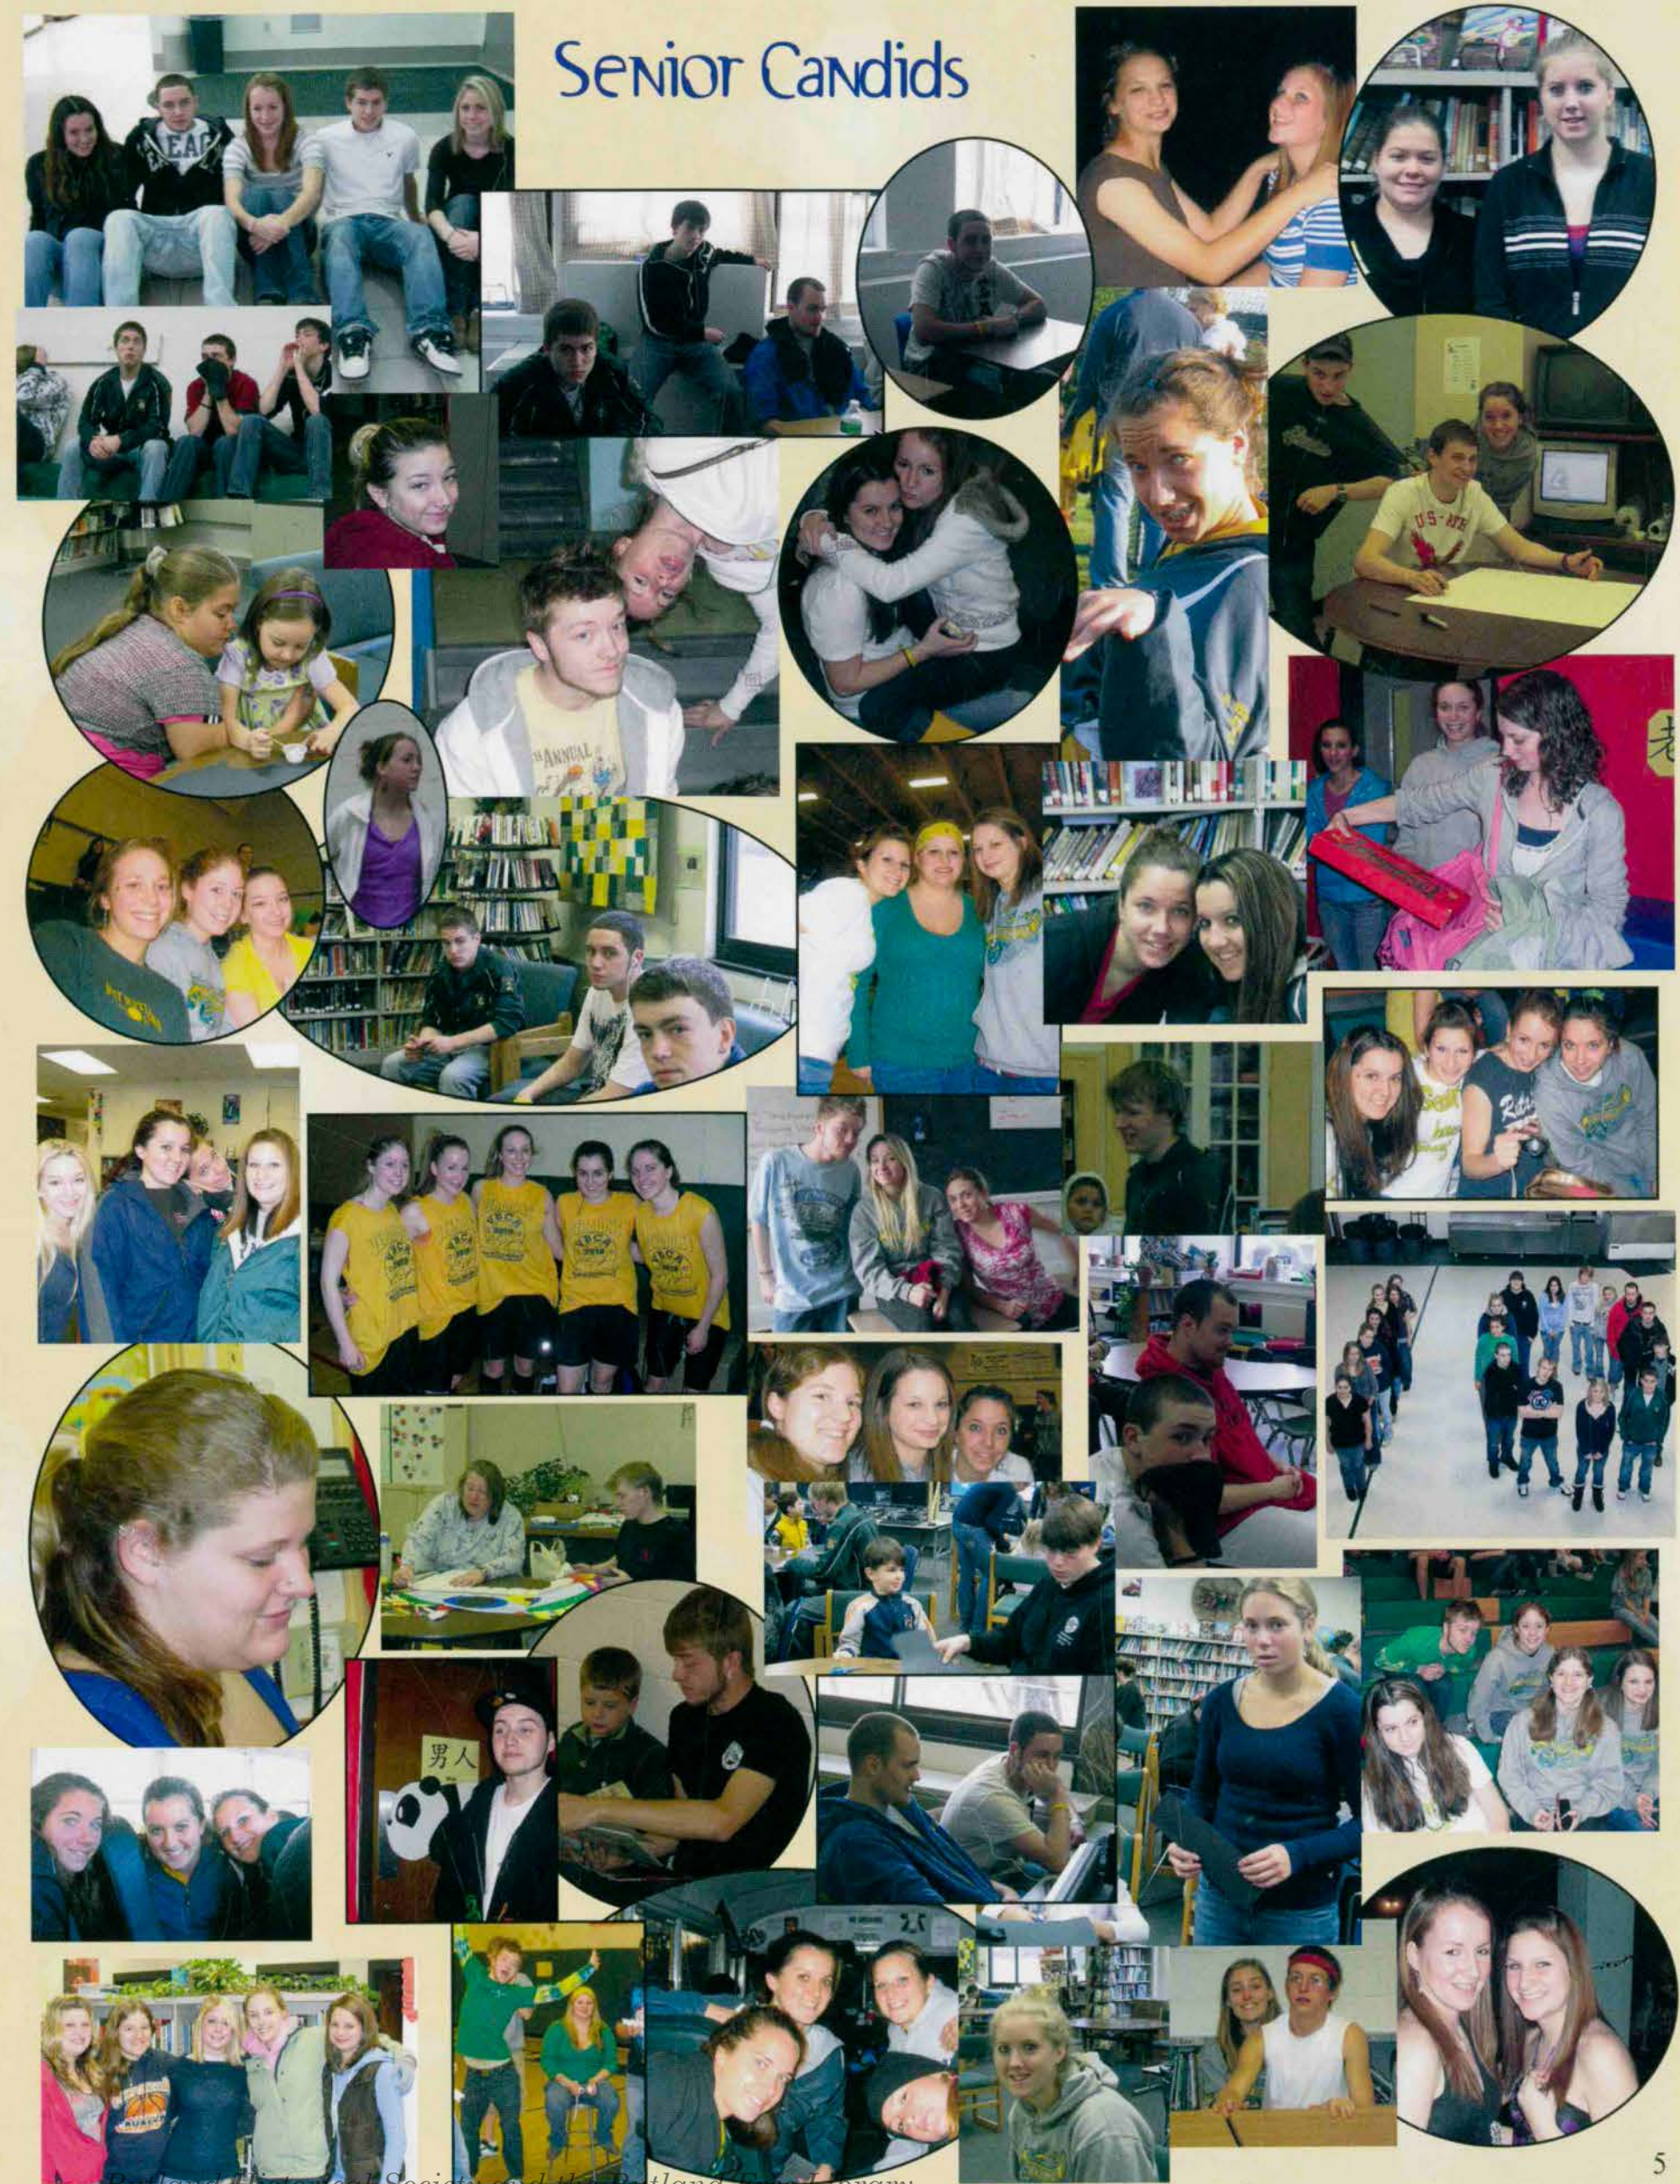

I look around the room
With hopes to potentially
Find some form of clue
To find what this really means
It means my life is about to change
And that I am finally a man
An educated man
With an educated plan
A plan to grow and move on
Until there is no more growing left
Until I have reached success
In every single aspect
So with all that I am now
And everything I'll be
I'm telling the world
That it hasn't seen the last of me
I will rule you, World,
I promise you this
I swear on everything
With wholeheartedness

So as I walk with you guys
I cannot believe my eyes
I think I've finally realized
That time does in fact fly

Gianna,
My life would be so incomplete without you in it. You have been someone to laugh with, someone to cry with, someone to scream with, and someone to laugh until I cry with. We have endured so much together and there are things no one else in the entire world could ever begin to understand. Thank you for all of the good times and all of the inside jokes. You have such a strong personality(as do I). Don't let anyone weaken it or change it. I can't wait to see all of the amazing things God will do in your life. Never be afraid to step out and show the world what's inside you~ Romans 12:2 Know that I am the friend that will never grow distant and never give up. I love you from the depths of my heart.~ Meg

Amanda Jean.. My Queen... My Memory
Oh! Such a joyful time for us, attending your 2010 WRHS graduation. You have so much to be proud of "Mandy". You are a sound character, kindhearted, and have a loving spirit. These are treasured blessings. I have cherished memories of your sense of humor... especially our trip to KFC drive thru. You and Orion were trying to suppress your laughter, (Although unsuccessfully), while Grami attempted to place your orders. Good Luck at CSC Do well in your studies Have lots of Blessings and Oodles of fun.

Love U Grami

It seems like just yesterday we were preparing to bring you home from the hospital. I remember struggling with *how* to get your precious newborn body into that dainty little pink outfit. I remember you wearing it, with your little, *boochie hiney*! Now eighteen years later, we find ourselves in some sort of haze, gazing at how stunningly beautiful you are, (as Grami would say, "on both the inside and out") and wondering, *where did the time go?*

Amanda

This is typically a time to celebrate all that you have learned and accomplished. But we also want to use it as a time to thank you for all that you have helped us learn about parenting. You have made that job easy and enjoyable for us both.

We were so grateful to God for your life. Your birth created a love within us that we had never felt before. You were like instant sunshine to our universe! We treasure the times that we used to sing lullabies in the blue rocking chair, count along with Big Bird and the plastic numbers, take you to Sesame Street concerts, and read your favorite books: Cinderella Dressed in Yellow and Brown Bear, Brown Bear.

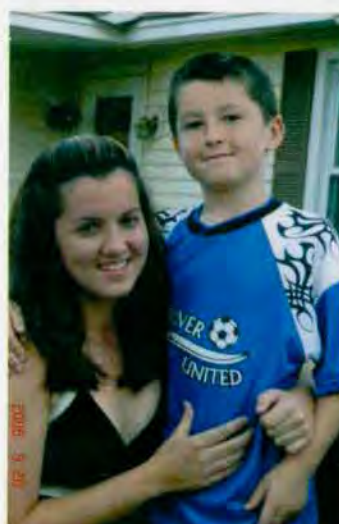

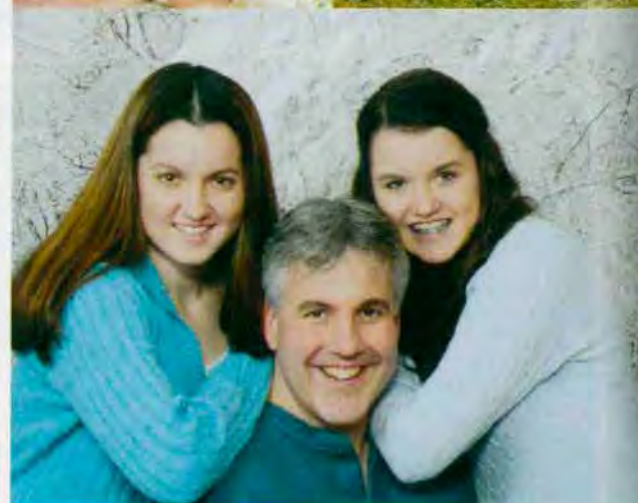

Remember the memories and experiences you have gained over your childhood years. They can help guide you when life throws you a curve ball, which happens every now and then. Such as: If Plan A doesn't work, go with Plan B (your birthing process); Try, try, and try again (your million attempts to pass your driver's permit test); Preserve family moments with photos (at the apple orchard and getting Dad off the lawn mower); Play music to make it more fun (singing "Sunrise" at the cow shows); Teamwork works (winning your Division 4 Basketball Championship!); Learn to let go of things that you cannot control (at the fair, with the "heifer that leads"); Stay organized (sorting out all those pretty colors while hanging underneath the bathroom cabinet) and finally, Preserve family traditions (sleeping beneath the Christmas tree.)

Enjoy your graduation and treasure your time here at West Rutland School, where you have been surrounded by classmates, teachers, and a community that cares about you. We wish you the best, Amanda, as you enter Castleton State College to perhaps become a teacher. You have got what it takes to make it. Know that you have a family that loves you 100%, through thick and thin! We'll be here for you if you need us. Remember that life is what you make it and please know that you have helped make ours awesome!

With love, hugs, and kisses,
Mom & Dad

Dear Mander,

I hope you had a good time at West Rutland. I hope you remember all the funny times we had, but the nicknames were even funnier. I hope you have a good time at Castleton State College. I will miss you 'Rilla.

Amanda,
Wow, I can't believe you are a senior! For fifteen years you have been my big sister and my best friend! You have always been there for me through the good and bad times. Thank you so much. You are a great person and need to show the world that. Wherever life takes you make sure you're happy and remember I'll always be here. Show the world the real Amanda Ames, the independent, funny, leader that you are. I hope you have a blast in college and succeed in being a teacher. Don't forget the good times! *Deerly* Beloved, muffins-Blueberry, squeezing my cheeks, "oh snap", Florida, and soo many more! I love you so much and you will always be my best friend!!
Love, Nicole
